FRONT PORCH PACKAGES

Why shop with us?

We stuff each care package with delicious salty and sweet snacks your college kid will love, plus healthy items to get them through those tough days of studying.

We include FUN items to reduce stress and put a smile on their face.

Motivational items are ALWAYS included, because we know college is hard and being away from home can be lonely, too.

We decorate every box, so when they open it, they are already smiling!

Every box includes over \$75.00 in retail items.

We use priority shipping to get it to your student—FAST!

#sendsomelove

Many friends know us through serving together in our community, so it will be no surprise that we have chosen Home Place of Texas to “Send Some Love” #sendsomelove. For every **Love Bucket** we sell in the month of February, we will make a donation to Home Place of Texas, a day program for individuals with Special Needs located in our Klein community. We love volunteering at Home Place and all the people it serves! The **Love Bucket** is a basket full of all kinds of treats and pampering products. Starting at \$25, the **Love Bucket** makes a great gift for your Valentine! We can personalize for anyone on your Valentine’s list including teachers, teens and guys—you choose the amount and we do all the work, including packaging beautifully, delivery, and shipping.
